

W051.10 Natural Bottle 500 ml drinking bottle

WoW! With this nicely designed reusable water bottle you positively contribute to diminish the greenhouse effect. The bottle is made from recycled bamboo (cap) and sugar cane (bottle). Both plants extract CO2 from the air during their growth! The bottle is also a great alternative for a plastic bottle - by choosing this model you help to reduce the pollution of our environment. Positive extra's: you don't smell or taste plastic when you drink from this bottle. Capacity 500 ml. Made in Europe.

Features

- Catalogue: Collection 2022
- Material: bamboo;sugar cane waste
- Statistic number: 3923301000
- Shipment date without imprint: 1 Working day(s)
- Catalogue Page No. : 7
- Country of origin: DE
- Minimum Order Quantity: 48
- Dishwasher safe: No
